Allowance of Application # 10/699,506

1. The following communication is in response to applicant's remarks received 21-February-2006.

Examiner's Amendment

2. An Examiner's Amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 C.F.R. 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the Issue Fee.

2.1 In the Specification:

page 10	line 22	Delete the web link " http://www.accelrys.com/technology/qm/ ".
page 12	lines 1-2	Delete "described at http://www.accelrys.com/cerius2/qsar page html".

Reasons for Allowance

3. The following is an Examiner's Statement of Reasons for the indication of allowable subject matter. The instant application is directed to a non-obvious improvement over the information described in the related prior art, particularly the article authored by Waszkowycz et al., entitled *Large-Scale Virtual Screening for Discovering Leads in the Postgenomic Era*. The improvement comprises a method of transforming a product development process to reduce

time in bringing a product to market, wherein a plurality of molecular models are modeled in Silico; molecular characteristics for each of the compiled molecular models is derived in Silico; a plurality of compositions are formulated according to compositional characteristics; the compositions are bench tested; and the compositions are correlated to actual engine performance. This patentable distinction is included in each of the independent claims, nos. 1, 10, and 11. The art of record, either individually or in combination, fails to teach, suggest, or render obvious the useful, concrete and tangible <transformation of a product development process to reduce time in bringing a product to market> having the corresponding structure which is disclosed in the specification and equivalents thereof at least at page 7, line 1 through page 15, line 22, and Figures 1-5. In view of the foregoing, the claims of the present application are found to be patentable over the prior art.

Response Guidelines

4. Any comments considered necessary by applicant **MUST** be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should clearly be labeled "Comments on Statement of Reasons for Allowance".
